

AYADE, MARK RAYMOND M.

Software Developer | Web Software Development

+63 969-534-0131 raymond.ayade@gmail.com Lapu-Lapu City, Cebu 6015 [linkedin.com/in/super-momon](https://www.linkedin.com/in/super-momon)

PROFESSIONAL SUMMARY

Full Stack Software Developer with 4+ years of experience designing, developing, and maintaining scalable web applications, internal platforms, and data integration solutions. Experienced in .NET, C#, JavaScript, SQL, PostgreSQL, MongoDB, REST APIs, and AWS cloud services. Skilled in backend development, third-party integrations, event-driven architectures, and performance optimization. Strong understanding of software engineering best practices, system reliability, and maintainable application design.

SKILLS

C#, .NET, Javascript/Typescript, HTML, CSS, REST APIs, GraphQL, Event-Driven Architecture, MS SQL Server, PostgreSQL, MongoDB, AWS (Lambda, SQS, SNS, S3), Docker, Containerization, Agile Development, Logging & Monitoring, System Integration, UI/UX Fundamentals

EXPERIENCE

Full Stack Software Developer | JobTarget PH Talleco.com | February 2025 – Present

- Implemented event-driven backend solutions using AWS services including Lambda, SQS, SNS, and S3 to support scalable and reliable application workflows.
- Developed and enhanced application features across multiple client facing and internal services, improving maintainability and operational efficiency.
- Contributed to modernization initiatives including UI redesigns and usability improvements for multiple client facing applications.
- Diagnosed and resolved complex software and data-related issues affecting production workflows and internal applications.
- Optimized application data flow and database operations using MS SQL Server, PostgreSQL, and MongoDB.
- Worked across multiple services and applications utilizing different technology stacks and architectures.

Software Developer | JobTarget PH Talleco.com | July 2022 – January 2025

Junior Level (July 2022-February 2024) - Mid-Level (March 2024-January 2025)

- Developed and maintained web application features and integrated third-party systems into company platforms and internal tools
- Implemented and maintained client profile management workflows, supporting secure data retrieval, updates, and access control.
- Optimized data retrieval and reporting processes, improving performance and data accuracy.
- Configured and maintained data integrations from multiple sources including XML, RSS, API feeds.
- Investigated, analyzed, and corrected data issues using SQL and scripting for reporting and operational support.

EDUCATION

Bachelor's Degree in Information Technology (2022)

University of Cebu – Lapu-Lapu and Mandaue Campus, Cebu, Philippines

Science, Technology, Engineering, and Mathematics (STEM) - SHS

University of Cebu – Lapu-Lapu and Mandaue Campus, Cebu, Philippines
